

BV Road improvements public comment sheet January 2010

Your physical address:

In Town limits? Y N

Which of the proposed improvements (below) are the top 3 items that you feel are needed in BV?

Please list other improvements that you would like to see included (roads, sidewalks, etc)

Which, if any, improvements on the list do you feel are not necessary? Please explain.

Do you support a dedicated sales tax to support these improvements? Would you support a bond?
Please explain why or why not.

Any additional comments you would like to share regarding proposed road improvements?

Thank you for your time and participation!
